#### Comment:

How would you like huge, high voltage lines run right down your property line. especially, since we already have huge power lines running across the front side on hwy 160. No one would even want to buy this property, knowing about this proposal. I just recently heard of this plan. I'm surprised my neighbors just heard about this too.

## I-225-001: Socioeconomic Resources (In Review)

Your email/letter/comment form has been received and your comment noted. Potential impacts to social and economic resources from the proposed project and mitigation measures will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.
